### To make this drink you will need:

Irish Coffee Glass or a Double  
Walled Water Glass

Coffee Maker

Measuring Jigger, jug or a steady  
hand.

Teaspoon

Grater

Soup Bowl

Whisk

### How to make a Jameson Irish Coffee

Pre-warm your glass with hot water while getting the ingredients together.

Empty pre-heated glass.

Pour 40ml Jameson Original into the glass followed by 15ml Brown Sugar Syrup.

Give these ingredients a quick stir together.

Add in your freshly brewed dark roasted coffee.

With your spoon give all these ingredients a stir together.

In a bowl lightly whip the double cream for 5-10 seconds.

Using the back of your teaspoon hovering above the cocktail slowly float the fresh double cream – pouring off the spoon onto the top of the cocktail.

Grate nutmeg on top.
